

Comparison of Key Features: 403b vs. 457b Supplemental Savings Plans

The Commonwealth offers employees of education-related departments two distinct supplemental savings plans to which voluntary, tax-deferred and after-tax contributions may be made.

Participants can participate in both plans up to the maximum for **each** plan. There is no employer match for these voluntary plans. Employees must determine which plan better suits their needs. To help with your decision about which plan may be best for you, a brief comparison is provided in the chart below.

457 Smart Plan: The Office of the State Treasurer manages the Commonwealth's 457 Deferred Compensation SMART Plan. Empower is currently the third-party administrator for the SMART Plan. For more information, visit <https://www.mass.gov/smart-plan-for-public-employees>.
